B&D offers a custom BDFB Fusion Tool Cover bag for the RT-1-H Ritmo Socket Fusion Iron.

The real advantage of this cover is the size. The specific dimensions of our Fusion Tool Cover bag prevents inadvertent over heating of the iron. Use of other deeper heating bags may interfere with the electronic thermostat of the RT-1-H which can result in damage to the heater iron.

For more information refer to page 90 of Volume 7 B&D product catalog or contact sales@bdmfginc.com.
