

Technical Data

B&D PART# 2HPCATP
2 HP Flush Cart Pump

Voltage	115/208-230V, 1 PH, 60 HZ
Amps	(17.5 - 115V) (9.62 - 208V) (8.73 - 230V)
Max Temp.	160° Fahrenheit
Warranty	1 Year From Sale Date

FEATURES :

- 304SSL liquid-end construction offers corrosion resistance and increases operating life over typical cast iron models.
- Unique bulge formed components eliminates harsh radius and welds and provides greater efficiency and durability.
- Back pullout design permits easy repair of impeller and seal.
- High quality mechanical shaft seal and O-rings for a variety of standard or high temperature and chemical duty applications.
- Under casing foot mount and centerline discharge reduces misalignment and assures self-venting.
- Close coupled, motorized packages for compact and easy installation.
- Pump can be mounted horizontal (most common) or in a vertical position.
